# About us

---

Saudi Society for Multidisciplinary Research Development and Education established and approved by the Minister of Human Resources and Social Development in 03 February 2024. It is established by multidisciplinary medical specialties who are enthusiastic for developing a research culture and committed to pushing the boundaries. The SCAPE Society is built upon a strong foundation of core values and pillars that guide its mission and operations. These values and pillars are: Empowerment, Collaboration, Motivation, Development, Commitment, Credibility and Integrity.

# Our story

---

During the COVID-19 pandemic, on October 7th, 2021, the Saudi Critical Care Pharmacy Research (SCAPE) platform, was established. The SCAPE platform is the first pharmacist-led multidisciplinary collaborative research model in the region. The platform's vision was to foster a collaborative research culture by building networks, mentoring, and empowering researchers.

Central to SCAPE's mission was empowering trainees, students, and junior researchers, aligning with Saudi Vision 2030. SCAPE involved more than 1000 participants from Saudi Arabia and beyond offered dedicated channels for narrative reviews, meta-analyses, collaboration services, a research ideas bank, research loading dose, e-education library, and research 101. Additionally, the participant of SCAPE received numerous prestigious national and international awards.

SCAPE's impact was evident: this success led to the establishment of the Saudi Society for Multidisciplinary Research Development and Education, approved on February 3, 2024. The society aims to enhance Saudi Arabia's research landscape by fostering education, strategic partnerships, and scientific communication.

OUR

## VISION

At the forefront of fostering researchers and cultivating a culture of research and innovation across various medical specialties, SCAPE Society is dedicated to propelling research education and development. Our advance knowledge foster innovation and contribute to a brighter future for Saudi Arabia and the global community.

OUR

## MISSION

To provide a competitive educational and training environment to hone researchers' skills, enhance their capabilities, establish strategic local and international partnerships, exchange ideas and experiences, and promote scientific communication. This is to enable a generation of distinguished and creative researchers who contribute to enhancing the Kingdom's status as a leading center for medical research worldwide.

# Welcome Speech

**Dr. Khalid Alsulaiman**

Chief Executive Officer (CEO)

Welcome to the SCAPE Society where we begin a remarkable and inspiring journey together, a journey defined by our unwavering commitment to excellence and innovation. Our vision is to create a dynamic and competitive educational and training environment that not only hones researchers' skills but also ignites their potential, enhances their capabilities, and fosters a collaborative environment that promotes excellence and innovation in multidisciplinary research. This is more than a vision; it is a call to action. This commitment not only advances our collective goals but also positions the Kingdom as a leader in multidisciplinary research. We invite you to join us in this important endeavor as we work together to set new standards and explore new frontiers in research.

# KEY STRATEGIC PILLARS

---

Education and Training

Research

Innovation

Competitiveness and  
Sustainability

Awareness and Community  
Service

Strategic Partnerships

# SERVICES

## Educational Programs

We offer comprehensive educational programs and training designed to equip researchers with the skills and knowledge necessary for conducting high-quality medical research. These programs include certificate courses, degree programs, and continuing education modules tailored to various levels of expertise. Additionally, we conduct regular workshops aimed to enhance the practical skills of researchers.

## Research Development and Collaborative Projects

We are dedicated to advancing research development our focus is on fostering innovative research projects that have the potential to significantly impact the medical field. SCAPE Society promotes collaborative research projects by fostering multidisciplinary collaboration from different speciality.

## Public Awareness

We are committed to raising public awareness about the importance of medical research through various outreach programs, we aim to educate and engage the community in health and research initiatives.

## Reserach Schools

We conduct research educational programs supervised and presented by expertise in different medical field

## Research Consultation Services

We offer expert consultation services to assist researchers at every stage of their projects. Our team of consultants provides guidance on research design, methodology and data analysis.

## Strategic Partnerships

We actively seeks strategic partnerships with academic institutions, healthcare providers, government agencies, and industry leaders to enhance our research capabilities and broaden our impact.

# TARGET SECTORS

---

**Academic  
Institutions**

**Research Institutes  
and Centers**

**Healthcare  
Providers**

**Government  
Agencies**

**Pharmaceutical  
Companies**

**International  
Organizations**

**Professional  
Societies**

**Non-Governmental  
Organizations**

**Funding Bodies**

**Community and Patient  
Advocacy Groups**

**Policy Makers**

# BOARD OF DIRECTORS

**Dr. Khalid A. Alsulaiman**

Chairman of the Board

**Dr. Ohoud Aljuhani**

Deputy Chairman of the Board

**Dr. Abdullah Al Harti**

Financial Supervisor

**Dr. Asma Alshehri**

Member

**Dr. Aisha Alharbi**

Member

**Dr. Samiah Alsohimi**

Member

**Dr. Mai Alalawi**

# THE FOUNDERS

---

**Dr. Khalid A. Alsulaiman**  
Clinical Pharmacist - Critical Care

**Dr. Ohoud Aljuhani**  
Clinical Pharmacist - Critical Care

**Dr. Ghassan Al Ghamdi**  
Physician - Critical Care &  
Nephrology

**Dr. Zeyad Aljohani**  
Physician - Rheumatology & Internal  
Medicine

**Dr. Thamer Alsulaiman**  
Physician - Family Medicine

**Dr. Tareq Alsulaiman**  
Physician - Orthopedic

**Dr. Abdullah Al Harthi**  
Clinical Pharmacist - Critical Care

**Dr. Aisha Alharbi**  
Clinical Pharmacist - Infectious  
Disease

**Dr. Fatimah Abudayah**  
Nurse - Critical Care

**Dr. Abeer A. Alenazi**  
Clinical Pharmacist -  
Oncology/Hematology

**Dr. Asma Alshehri**  
Clinical Pharmacist - Critical Care

**Dr. Mai Alalawi**  
Clinical Pharmacist -  
Oncology/Hematology

**Dr. Samiah A. Alsohimi**  
Clinical Pharmacist - Critical Care

**Dr. Mashael AlFaifi**  
Clinical Pharmacist - Critical Care

**Dr. Ibrahim Al Sulahim**  
Clinical Pharmacist - Toxicology

**Mr. Mohammed Alasiri**  
Radiology Specialist
